

BROILINGS' GAMMA O'S

(Jingle)

Broilings the makers of "All Aluminum Foil Breakfast Flakes" announces the introduction of it's new breakfast food, "Gamma O'S!! Tastless little O"s of 100% pure synthetic food analog, an artificially flavored food-like substance not unlike paper pulp. Here's the kicker! It's RADIO ACTIVE!! That's right, RADIO ACTIVE!! It's bursting with Gamma Rays. It glows in the bowl. Make it in your microwave, just add Diet Camel Milk with UltraSweet and set it for "tepid." In seconds it's in your mouth and through your body. Completely non-natural, contains every additive, preservative and food color known. It's unnatural flavor reminds you of something! So if you want to put a little glow in your life start the day with a bang! Eat Broilings' New Gamma O's...And remember you can eat the box! It's perforated! O...O...O...Gamma O's...It's radio active!
